**SECTION B - SUPPLIES OR SERVICES AND OFFEROR'S PRICES**

The United States District Court for the Eastern District of California is soliciting a vendor to provide substance use, mental health, and/or sex offender treatment services. A vendor must be capable of providing services within a geographic area encompassing Sacramento County.

As a result of this solicitation the Government intends to enter into a Blanket Purchase Agreement (BPA). For this BPA, approximately 1 to 2 vendors are needed to provide the required services. The Government reserves the right to award to a single vendor.

A Blanket Purchase Agreement is a “charge account” arrangement, between a buyer and a seller for recurring purchases of services. BPAs are not contracts and do not obligate government funds in any way. A contract occurs upon the placement of a call or referral from the Probation/Pretrial Services Office and the vendor’s acceptance of the referral. Referrals will be rotated among all the vendors on the BPA. BPAs are valid for a specific period of time, not to extend beyond the current fiscal year. The total duration of this BPA, including the exercise of two 12-month options, shall not exceed 36 months. BPAs will be issued to those vendors determined to be technically acceptable and offering the lowest cost to the Government, using the Evaluation Criteria established in Section M of the Request for Proposal.

Section B is generic and used nationwide to procure the particular needs of each U. S. Probation/Pretrial Services Office. For this solicitation, only those services marked by an "X" under the Required Services column are being solicited. Offerors shall propose on only the required services. Services proposed, but not marked as required, will not be evaluated or included under any resultant agreement. Offerors failing to provide offers on all required services marked, will be considered technically unacceptable.

Note: Estimated Monthly Quantities (EMQs) represent the total monthly quantities to be ordered per Service item under the BPA. Each vendor placed on the BPA may receive a share of the total quantity stated. However, EMQ’s are estimates only and do not bind the government to meet these estimates.

An asterisk \* indicates a requirement line item which has been modified under “Local Services.”

(k) Have the defendant/person under supervision sign or initial the Chain of Custody Form. This is not mandatory for NIDTs when an instant negative result is obtained and no further testing will be done on that sample. The donor and collector shall not sign the certification area of the form until the collection process is completed.

**e. Observed Urine Specimen Collection Procedures**

The vendor shall:

(1) Directly observe defendants/person under supervision voiding into a specimen collection container. Collectors observing the voiding process shall be the same gender as the defendant/person under supervision providing the specimen (no exceptions).

(3) Notify the USPO/USPSO within 24 hours if the defendant/person under supervision fails to report for a drug test or does not provide a urine specimen that is suitable for testing (e.g., an insufficient amount, stall, adulterated).

**f. Unobserved Urine Specimen Collection Procedures**

The vendor shall perform the following urine specimen collection procedures if circumstances prevent the observed collection of a specimen. The vendor shall

ensure that collectors:

(1) Take unobserved specimens **only** when the defendant/person under supervision and the collector are not of the same gender or it is virtually impossible to collect an observed specimen. If circumstances necessitate the collection of unobserved specimens, the vendor shall contact the USPO/USPSO for approval.

(2) Clearly document on the Chain of Custody Form or NIDT Collection Form any unobserved collection.

(3) When using NIDTs for unobserved collection of a specimen, ensure that an adulteration test is performed that at a minimum includes temperature, pH and specific gravity tests. Adulteration test panels are performed on all specimens sent to the national laboratory for testing.

(4) Use a temperature strip to measure urine specimen temperatures which should range between 90 and 100 degrees Fahrenheit. The time from voiding to temperature measurement is critical and in no case shall exceed 4 minutes.

(5) Obtain a second specimen from defendants/person under supervision whose urine specimen temperature is outside the range in (4) above.

(6) Place a blue or green colored toilet bowl cleaner or coloring agent in the commode to deter dilution of the specimen with commode water.

(7) Pour the coloring agent into the bowl when using commodes without holding tanks (e.g., commercial commodes).

(8) Follow all general collection procedures in subsection d above.

(9) Secure any source of water in the area where the collection occurs, by either shutting off the water or securing its access with tamper evident tape.

(10) Remove and/or secure any agents that could be used in an attempt to adulterate the specimen, such as soaps, cleaners and deodorizers.

g. **Urine Specimen Mailing and Storage** (For specimens shipped or transferred to contract national drug testing laboratories or on-site instrumented drug testing laboratories).

The vendor shall ensure that:

- (1) Every specimen shipped or transferred to a testing facility is contained in a bottle or container specifically designed to withstand the rigors of transport. All bottles and containers shall be provided by the Judiciary. NIDT cups/bottles may only be used for shipping with the advanced approval of PPSO. Vendors shall seek approval for each type of NIDT device intended for shipping.
- (2) The collector places the specimen and corresponding Chain of Custody Form or NIDT collection form in the approved shipping container and places such containers in the custody of an approved delivery service or courier;
- (3) The collector notifies the shipper/delivery service/courier that specimen(s) are ready to be delivered to the laboratory. This notification shall be given no later than the close of business the day the specimens are collected.
- (4) Urine specimens are refrigerated if specimens are retained and not shipped the same day.
- (5) Refrigerated urine specimens are not retained **longer than** 48 hours before they are sent to the laboratory. If urine specimens are retained longer than 48 hours the specimens must be frozen.
- (6) Urine specimens are stored in a secure area or locked refrigerator/freezer with access limited only to collectors or other vendor authorized personnel. The refrigerator temperature shall not exceed 43 degrees Fahrenheit and its temperature should be periodically monitored and documented.

When any of the above conditions are not met, "No Test" will be stamped on the request report form and the reason for the no test will be checked or written in the space provided. Specimens that cannot be tested will be discarded. The vendor shall ensure that **all** of the above conditions are present for specimens sent to the national drug testing laboratories for testing.

i. **Random Urine Specimen Collection Procedures**

The vendor shall provide random urine specimens collections in accordance with the following:

(1) **Urine Collection**

In accordance with the principle of "smarter" drug testing, the frequency of testing that is appropriate is based on the person under supervision's individual characteristics. This may include, but is not limited to, the following factors: 1. type of drug(s) being used; 2. tests' detection capabilities and windows of detection; 3. the person's history of use (age of onset, frequency, and method of use); 4. screening results and clinical diagnoses; 5. treatment history; 6. duration of abstinence; 7. history of relapse; and 8. relationship between the person's drug use and criminal activity.

(2) The vendor shall collect random urine specimens when the defendants/person under supervision have less than 24 hours' notice that a urine specimen is to be submitted.

Urine specimens are analyzed by onsite laboratories at some locations in probation and/or pretrial services offices. Specimens sent to these facilities shall be processed in the same manner as listed above. Upon award, the USPO/USPSO shall notify the vendor that it uses an on-site testing laboratory and provide supplies and instructions for the shipping and handling of specimens.

**2. Sweat Patch Application and Removal (1012):**

It is used to monitor defendants/person under supervision for extended periods of time, or to test defendants/person under supervision who have difficulty voiding due to documented medical conditions. Patches will be supplied by the USPO/USPSO. If USPO/USPSO approves the vendor's use of the sweat patch on the Form 45, the vendor shall use the following procedures for the application, removal, and testing process of the sweat patch:

**a. Staff Training**

The vendor shall ensure that their staff is trained in the sweat patch procedures before applying or removing a patch. The staff should view the video presentation, read the sweat patch training manual provided by the USPO/USPSO, take and pass the certification test provided by the sweat patch

vendor, and perform the procedures contained in this section of the statement of work. The vendor shall document training for personnel it authorizes to apply and remove sweat patches. This documentation must include a certificate from the sweat patch vendor which indicates a successful completion of the certification test.

b. **Storage**

The vendor shall:

- (1) Ensure patches are stored in a secure area with access limited to only collectors or other authorized vendor personnel.
- (2) Ensure patches are stored at temperatures between 36 and 78 degrees Fahrenheit.

Apply the patch on the preferred location, but avoid placement on tattooed, abraded, cut, irritated or sensitive skin.
  - (2) Direct the defendant/person under supervision to clean the area with soap and cool water or with a disposable towelette. An abrasive pad may be used to clean dry skin and dirt.
  - (3) Wearing disposable gloves, the collector shall clean the skin by using an alcohol wipe. Repeat the cleansing if the wipe is dirty. Allow the area to dry for approximately 90 seconds to avoid alcohol burns to the skin.
  - (4) Have the defendant/person under supervision flex the upper arm for arm placement, bend forward slightly at the waist for back placement, or bend slightly backward at the waist for front kidney placement. Place the patch on skin and press firmly to promote proper adhesion. Pull parallel to the skin when removing the paper border, not outward and up from the patch. As the paper border is removed, follow right behind with a finger pressing on the polyurethane film.
  - (5) Instruct the defendant/person under supervision to remove a sweat patch if he or she experiences a rash or any skin irritation, and immediately report the problem to the vendor and USPO/USPSO. The vendor shall substitute urine testing for a sweat patch testing and report this to the USPO/USPSO.
  - (6) Provide clear instructions as to the scheduling for removal of the patch.

f. **Sweat Patch Removal**

The vendor shall ensure that collectors follow the procedures demonstrated in the training video, particularly the following:

- (1) Wearing disposable gloves, the collector shall peel back the top edge of the sweat patch sufficiently to expose the pad. The collector shall inspect the pad to ascertain whether there are any signs of tampering. The collector shall note condition of the pad and any evidence of tampering

on the Chain of Custody Form.

(2) Ensure the pad is not contaminated by the collector or the client. The pad may be removed with disposable tweezers or with a gloved hand. The pad shall immediately be placed in the specimen bag.

(3) Ensure the specimen is kept at room temperature in a secured area and mailed or shipped within 24 hours to the laboratory for analysis.

## **FY-2022 Telemedicine Individual Services**

The **Eastern** District of **California** is seeking this local need in response to the unique treatment barriers and needs in our district. We would like to use telemedicine when appropriate to achieve these ends. The use of telemedicine is authorized only after vendor and the USPO/USPSO staff the individual client's case, determine he or she is appropriate for treatment via telemedicine, and it is approved by the district's contracting officer or designee. The use of telemedicine is for the benefit of the Judiciary and not the convenience of the vendor. The use of telemedicine is not in lieu of the vendor's ability to provide services in-person when appropriate (see note below).

The vendor is authorized to provide this service via telemedicine, which includes providing health care delivery, diagnosis, consultation, and treatment and the transfer of medical data through interactive audio, video, or electronic/data communications. The vendor must adhere to and meet the same legal, ethical, and confidentiality standards when providing telemedicine. The vendor shall also obtain consent of the client before the delivery of telemedicine services and shall include documentation of the same in the individual's treatment record.

To verify that services were performed, the vendor shall complete the sign-in log with the following information:

The client's name.

Date of the session.

The time the session began and concluded.

Confirmation of the means in which the session was conducted (i.e. teleconference, video conference, internet).

The assigned officer will follow up with the client to ensure that the session was completed.

For de-escalation, if an emotionally charged topic was discussed or the client appears emotionally agitated, the provider shall follow up with additional contact later in the day to ensure that the client has successfully de-escalated. The provider shall also remind the client to reach out to his or her social support system at any time.

**NOTE: This requirement is not in lieu of the provisions set forth in the Request for Proposals which require the vendor (and any proposed subcontractor) to maintain an acceptable facility located within the defined catchment area.**

This provision will not be construed as limiting the contractor's ability to refer to the judiciary as one of its customers when providing past performance information as part of a proposal submission, as opposed to general public marketing.
- (b) No public release of information pertaining to this contract will be made without prior judiciary written approval, as appropriate, and then only with written approval of the contracting officer.

**I.2 Subcontracting**

Services that the vendor proposes to refer to other service providers shall be considered subcontracting. **I.4 Clause 2-90C, Option to Extend Services - (APR 2013)**

The judiciary may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. Note: Executive Order (EO) 13706 Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1 2017. If this contract is covered by the EO the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness injury or other health-related needs including preventive care; to assist a family member (or person who is like family to the employee) who is ill injured or has other health-related needs including preventive care; or for reasons resulting from or to assist a family member (or person who is like family

to the employee) who is the victim of domestic violence sexual assault or stalking. Additional information on contractor requirements and worker protections under the EO is available at [www.dol.gov/whd/govcontracts](http://www.dol.gov/whd/govcontracts).

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: \$4.54 per hour up to 40 hours per week or \$181.60 per week or \$786.93 per month

HEALTH & WELFARE EO 13706: \$4.22 per hour up to 40 hours per week or \$168.80 per week or \$731.47 per month\*

\*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706 Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor 3 weeks after 5 years and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor wherever employed and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of ten paid holidays per year: New Year's Day Martin Luther King Jr.'s Birthday Washington's Birthday Memorial Day Independence Day Labor Day Columbus Day Veterans' Day Thanksgiving Day and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: Under the SCA at section 8(b) this wage determination does not apply to any employee who individually qualifies as a bona fide executive administrative or professional employee as defined in 29 C.F.R. Part 541. Because most Computer System Analysts and Computer Programmers who are compensated at a rate not less than \$27.63 (or on a salary or fee basis at a rate not less than \$455 per

week) an hour would likely qualify as exempt computer professionals (29 C.F.R. 541.400) wage rates may not be listed on this wage determination for all occupations within those job families. In addition because this wage determination may not list a wage rate for some or all occupations within those job families if the survey data indicates that the prevailing wage rate for the occupation equals or exceeds \$27.63 per hour conformances may be necessary for certain nonexempt employees. For example if an individual employee is nonexempt but nevertheless performs duties within the scope of one of the Computer Systems Analyst or Computer Programmer occupations for which this wage determination does not specify an SCA wage rate then the wage rate for that employee must be conformed in accordance with the conformance procedures described in the conformance note included on this wage determination.

Additionally because job titles vary widely and change quickly in the computer industry job titles are not determinative of the application of the computer professional exemption. Therefore the exemption applies only to computer employees who satisfy the compensation requirements and whose primary duty consists of:

(1) The application of systems analysis techniques and procedures including consulting with users to determine hardware software or system functional specifications;

(2) The design development documentation analysis creation testing or modification of computer systems or programs including prototypes based on and related to user or system design specifications;

(3) The design documentation testing creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties the performance of which requires the same level of skills. (29 C.F.R. 541.400).

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

**\*\* HAZARDOUS PAY DIFFERENTIAL \*\***

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance explosives and incendiary materials. This includes work such as

screening blending dying mixing and pressing of sensitive ordnance explosives and pyrotechnic compositions such as lead azide black powder and photoflash powder.

All dry-house activities involving propellants or explosives. Demilitarization modification renovation demolition and maintenance operations on sensitive ordnance explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with or in close proximity to ordnance (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands face or arms of the employee engaged in the operation irritation of the skin minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving unloading storage and hauling of ordnance explosive and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance explosives and incendiary material differential pay.

**\*\* UNIFORM ALLOWANCE \*\***

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract by the employer by the state or local law etc.) the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition where uniform cleaning and maintenance is made the responsibility of the employee all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount or the furnishing of contrary affirmative proof as to the actual cost) reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However in those instances where the uniforms furnished are made of "wash and wear" materials may be routinely washed and dried with other personal garments and do not require any special treatment such as dry cleaning daily washing or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract by the contractor by law or by the nature of the work there is no requirement that employees be reimbursed for uniform maintenance costs.

**\*\* SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS \*\***

The duties of employees under job titles listed are those described in the ""Service Contract Act Directory of Occupations"" Fifth Edition (Revision 1) dated September 2015 unless otherwise indicated.

\*\* REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE Standard Form 1444 (SF-1444) \*\*

#### Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e. the work to be performed is not performed by any classification listed in the wage determination) be classified by the contractor so as to provide a reasonable relationship (i.e. appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification wage rate and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award the contractor prepares a written report listing in order the proposed classification title(s) a Federal grade equivalency (FGE) for each proposed classification(s) job description(s) and rationale for proposed wage rate(s) including information regarding the agreement or disagreement of the authorized representative of the employees involved or where there is no authorized representative the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.

3) The contracting officer reviews the proposed action and promptly submits a report of the action together with the agency's recommendations and pertinent information including the position of the contractor and the employees to the U.S. Department of Labor Wage and Hour Division for review (See 29 CFR 4.6(b)(2)(ii)).

4) Within 30 days of receipt the Wage and Hour Division approves modifies or disapproves the action via transmittal to the agency contracting officer or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.

6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request the ""Service Contract Act Directory of Occupations"" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember it is not the job title but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split combine or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."

  - (2) The first page of the offer shall show:
    - (i) the solicitation number;
    - (ii) the name, address, and telephone and facsimile numbers of the offeror (and electronic address if available);
    - (iii) a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation and agreement to furnish any or all items upon which prices are offered at the price set opposite each item;
    - (iv) names, titles, and telephone and facsimile numbers (and electronic addresses if available) of persons authorized to negotiate on the offeror's behalf with the judiciary in connection with this solicitation; and
    - (v) name, title, and signature of person authorized to sign the offer. Offers signed by an agent shall be accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to the issuing office.

- (3) *Submission, modification, revision, and withdrawal of offers*
- (i) Offerors are responsible for submitting offers, and any modifications or revisions, so as to reach the judiciary office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated judiciary office on the date that offer or revision is due.
  - (ii) (A) Any offer, modification, or revision received at the judiciary office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the contracting officer determines it's in the judiciary's best interest, the contracting officer determines that accepting the late offer would not unduly delay the procurement, and:
    - (1) if it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the judiciary infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or
    - (2) there is acceptable evidence to establish that it was received at the judiciary installation designated for receipt of offers and was under the judiciary's control prior to the time set for receipt of offers; or
    - (3) it is the only offer received.
  - (ii) (B) However, a late modification of an otherwise successful offer that makes its terms more favorable to the judiciary, will be considered at any time it is received and may be accepted.
  - (iii) Acceptable evidence to establish the time of receipt at the judiciary installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of judiciary personnel.
  - (iv) If an emergency or unanticipated event interrupts normal judiciary processes so that offers cannot be received at the office designated for receipt of offers by the exact time specified in the solicitation, and urgent judiciary requirements preclude amendment of the solicitation, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal judiciary processes resume.
  - (v) Offers may be withdrawn by written notice received at any time before award. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before award, subject to the conditions specified in Provision 3-115, "Facsimile Offers." Offers may be withdrawn in person by an offeror or an authorized representative, if the identity of the person requesting withdrawal is established and the person signs a receipt for the offer before award.
- (4) Unless otherwise specified in the solicitation, the offeror may propose to provide any item or combination of items.

- (5) Offerors shall submit offers in response to this solicitation in English and in U.S. dollars.
  - (6) Offerors may submit modifications to their offers at any time before the solicitation closing date and time, and may submit modifications in response to an amendment, or to correct a mistake at any time before award.
  - (7) Offerors may submit revised offers only if requested or allowed by the contracting officer.
  - (8) Offers may be withdrawn at any time before award. Withdrawals are effective upon receipt of notice by the contracting officer.
- (d) *Offer expiration date* Offers in response to this solicitation will be valid for the number of days specified on the solicitation cover sheet (unless a different period is proposed by the offeror).
- (e) *Restriction on disclosure and use of data* Offerors that include in their offers data that they do not want disclosed to the public for any purpose, or used by the judiciary except for evaluation purposes, shall:
- (1) mark the title page with the following legend:

This offer includes data that shall not be disclosed outside the judiciary and shall not be duplicated, used, or disclosed-in whole or in part-for any purpose other than to evaluate this offer. If, however, a contract is awarded to this offeror as a result of-or in connection with-the submission of this data, the judiciary shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting contract. This restriction does not limit the judiciary's right to use information contained in this data if it is obtained from another source without restriction. The data subject to this restriction are contained in sheets [*insert numbers or other identification of sheets*]; and
  - (2) mark each sheet of data it wishes to restrict with the following legend:

Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this offer.
- (f) *Contract award*
- (1) The judiciary intends to award a contract or contracts resulting from this solicitation to the responsible offeror(s) whose offer(s) represents the best value after evaluation in accordance with the factors and subfactors in the solicitation.
  - (2) The judiciary may reject any or all offers if such action is in the judiciary's interest.
  - (3) The judiciary may waive informalities and minor irregularities in offers received.
  - (4) The judiciary intends to evaluate offers and award a contract without discussions with offerors (except clarifications). Therefore, the offeror's initial offer shall contain the offeror's best terms from a price or price and technical standpoint. The judiciary reserves the right to conduct discussions if the contracting officer

later determines them to be necessary. If the contracting officer determines that the number of offers that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the contracting officer may limit the number of offers in the competitive range to the greatest number that will permit an efficient competition among the most highly rated offers.

- (5) The judiciary reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit price or prices offered, unless the offeror specifies otherwise in the offer.
- (6) The judiciary reserves the right to make multiple awards if, after considering the additional administrative prices, it is in the judiciary's best interest to do so.
- (7) Exchanges with offerors after receipt of an offer do not constitute a rejection or counteroffer by the judiciary.
- (8) The judiciary may determine that an offer is unacceptable if the prices proposed are materially unbalanced between line items or sub-line items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract line items is significantly overstated or understated as indicated by the application of price or price analysis techniques. An offer may be rejected if the contracting officer determines that the lack of balance poses an unacceptable risk to the judiciary.
- (9) If a price realism analysis is performed, price realism may be considered by the source selection authority in evaluating performance or schedule risk.
- (10) A written award or acceptance of offer mailed or otherwise furnished to the successful offeror within the time specified in the offer shall result in a binding contract without further action by either party.
- (11) The judiciary may disclose the following information in postaward debriefings to other offerors:
  - (i) the overall evaluated price or price and technical rating of the successful offeror;
  - (ii) the overall ranking of all offerors, when any ranking was developed by the judiciary during source selection;
  - (iii) a summary of the rationale for award; and
  - (iv) for procurements of commercial items, the make and model of the item to be delivered by the successful offeror.

If the solicitation document identifies that BPA's will be established with a specified number of vendors, the selection of technically acceptable vendors shall be based on price. For example, if a solicitation document identifies that 4 to 6 vendors are needed to provide services and 10 vendors are determined to be technically acceptable, awards will be made to no more than 6 of the lowest priced vendors.

The review of the criteria shall be based on the Offeror's Technical Proposal, which contains the Offeror's Certification of Compliance, Offeror's Background Statement, and the Offeror's Staff Qualifications. Each of these shall demonstrate how the offeror will perform/meet the requirements of the RFP.

In the event a contractor is rejected based on a determination of non-responsibility, a determination will be made on the next apparent successful offeror.
